K Askinas Natemin

React.js Developer

+91 7200251042 | askinas2002@gmail.com

Objective

Motivated and adaptable React Developer with expertise in **HTML**, **CSS**, **Bootstrap**, **JavaScript**, and **React.js**, seeking an opportunity to contribute to the development of dynamic, user-friendly web applications.

Skills

Core Frontend Technologies: HTML, CSS, JavaScript

Frameworks & Libraries: Bootstrap, React.js

Tools: Git, GitHub

Mini Projects

BMI Calculator

- CSS Designed and developed a Body Mass Index (BMI) Calculator using React.js, HTML, and Bootstrap.
- Implemented a user-friendly interface for inputting height and weight, with instant results displayed dynamically.
- Gained hands-on experience with state management and event handling in React.js.

Weather Checker

- Developed a real-time weather application using React.js, Axios, Bootstrap
- Designed a simple, user-friendly interface with features like search functionality and weather condition display.
- Developed a straightforward and user-friendly weather application that provides real-time weather updates based on user location.

Password Generator

- **Set Password Length**: Choose how long you want your password to be. The longer, the better!
- **Generate Password**: Click the button, and a strong password will be created for you instantly.
- **Select Option**: Developed a password generator site that enables users to create strong, secure passwords by selecting desired criteria through checkboxes (uppercase letters, lowercase letters, numbers, and special symbols).
- **Copy & Use**: Copy the password and use it to protect your accounts and sensitive information.
